## CURRICULUM VITAE

## PERSONAL STATEMENT

I am a competent developer professional with a BSc in Computer Science from the University of Johannesburg. I am a positive, motivated, and a hard-working person. My technical skills are combined with excellent communication skills that allow me to work effectively and positively and get along well with others. I have experience working with web development, software support, desktop support and remote support. I am looking for a position at an innovative company with a good culture mix, growth opportunities and exposure to new technologies.
